

GLOBE FOUNDATION ANNOUNCES FINALISTS FOR 12TH ANNUAL GLOBE AWARDS FOR ENVIRONMENTAL EXCELLENCE

March 7, 2014

Vancouver, CANADA – The GLOBE Foundation, organizer of the world leading GLOBE Series of conferences, is proud to announce the finalists of its 12th annual GLOBE Awards for Environmental Excellence. Considered the most high profile awards series of its kind, the GLOBE Awards celebrate the unwavering commitment to sustainability shown by leading Canadian businesses.

The GLOBE Awards began in 2002 as an initiative to seek out companies and industry groups who have excelled in the business arena and exemplified outstanding achievements in sustainability. A call for applications is put forth to companies operating in the energy, industry, transport, urban infrastructure, high-tech, and manufacturing sectors whose practices and achievements are then judged by a panel of leaders in the Canadian business community. In 2013, the prestigious GLOBE Awards recognized the success of the following companies: Landmark Group, Diacarbon Energy Inc., Cascadia Windows, Societe de developement Angus, Prarie Pulp & Paper Inc. and Greengage Mobile.

The 2014 GLOBE Awards will be presented on Friday, March 28th in Vancouver during the Closing Luncheon for GLOBE 2014. The Luncheon will be a ticketed event. For ticket purchase & information, please visit <https://tickets.theglobeawards.ca>.
